We would like to once again offer **workshops during the month of July** at the Village. If you or someone you know has a particular talent or skill that could be shared during two Saturday workshops please contact the Village at 419-483-4949. All presenters would be reimbursed for their supplies. In past years we have had workshops in pottery, basket making, herbal gardens, and quilting. The class size and time would be up to you.
